

Aykhan Yagubov | Web, UX/UI Designer

I am a UX/UI Designer with experience in creating user-centered, visually appealing, and functional designs. I have a strong understanding of user research, wireframing, prototyping, and usability testing. Passionate about problem-solving and improving digital experiences through data-driven design.

Code Academy

Bachelor's Degree • Management • 2019-2023

Azerbaijan State University of Economics

Languages

Azerbaijan • Native English • B2 level

Design skills

User Experience • User Interface • Research

Survey Data • User Interview • Persona

Benchmarking • Information Architecture

Card Sorting • Usability Testing • User Flow

Wireframes • Design System • A/B Testing

Technical skills

Adobe (Photoshop, Illustrator, InDesign, XD)

Figma • Sketch • Framer • Balsamiq • Hotjar

Invision • Notion • Slack • MS Teams

Soft skills

- Ability to work in a team and responsibility
- Creative, innovative, and imaginative
- Independent research capability
- Problem-solving
- High level of communication

Experience

UX/UI Designer • June 2025 – Present

Lyra Team

- Analyze user needs and translate them into intuitive web and mobile interfaces.
- Produce high-fidelity wireframes and interactive prototypes in Figma and Framer.
- Partner with front-end and back-end engineers to guarantee pixel-perfect implementation.
- Run usability tests, gather feedback, and iterate rapidly to improve the user experience.
- Build and maintain a scalable design system and component library that reflects the brand's visual identity.
- Monitor emerging UI/UX trends and best practices, introducing relevant innovations to the product.
- Contribute to Agile ceremonies—sprint planning, reviews, and retrospectives—to align design work with the product roadmap.

UX/UI Designer • November 2024 – May 2025

QSS Analytics

- Designed clean, user-focused dashboards with clear data visualization.
- Built prototypes in Figma and collaborated with developers and analysts.
- Conducted user testing and refined designs based on feedback.
- Contributed to design standards and Agile sprints.

Graphic and Web Designer • September 2023 – June 2024

EM Kreativ

Graphic and Web Designer • March 2023 – August 2023

Adam's Digital Agency

Graphic Designer • July 2022 – February 2023

ArtPeople / WorkShop Agency

UX/UI Designer • April 2022 – July 2022

"Allrent" Startup Project

Certificates

Emotix School
